# Motion

**Proposer:** PC2 (decided on: 04/18/2026)

**Title:** **A9-109 to A9new8: Strengthening and Safeguarding Free Movement within the European Union and the Future of Schengen**

---

## Motion text

**Insert from line 117 to 119:**

13. Calls for stronger democratic accountability in the governance of the Schengen Area, and competence of the European Parliament in overseeing the reintroduction and prolongation of internal border controls.

13. Calls on the European Commission to adopt clear guidelines clarifying the notion of “serious threat” under the Schengen Borders Code in order to prevent

## Reason

Decisions on reintroducing internal border controls are currently dominated by national executives with limited oversight, weakening transparency and trust. Strengthening the role of the European Parliament would enhance democratic scrutiny and ensure that restrictions to free movement are properly justified and monitored.
