Title: **A7-043: Regarding the Creation of a Fiscal Union**

Motion text

From line 42 to 45:

retain primary control by setting the long-term political guidelines and spending ceilings. **Additionally, the adoption of own resources of the Union is subject to domestic ratification by all member states.** Consolidated version of the Treaty on the Functioning of the European Union, Part Six, Title II, Articles ~~312~~**311, 312,** and 314, EUR-Lex, Publications Office of the European Union, EUR-Lex - 12012E/TXT - EN - EUR-Lex, 26 October

Reason

Adding additional clarification in the footnote to explain the preambulative clause and support its reasoning as well as adding another article to support the argument. In addition, an Oxford comma was added because we want to be posh like that.
