A1-064

Motion

Proposer: Moritz Hergl (JEF Europe)

Title: **A1-064: Regarding the European Federal Parliament**

Motion text

Insert after line 64:

9. The Chamber of European Citizens shall have the power to elect the President of the European Government following European elections, as well as the power to elect the European Government which is subsequently proposed by the President elect of the European Government; alternatively the President can be directly elected through a direct presidential election;
10. Both the President and individual ministers shall remain democratically accountable to the Chamber of European Citizens, including through votes of no confidence.
